MEMORIES OF "66-67"

It was the aim of the annual staff to record the year's events. In future years may a glance at this yearbook recall memories otherwise forgotten.

The year 1966-67 has been well filled, for students at D.H.S. were kept busy with classes, teachers, studying, and extra-curricular activities. All these activities play an important role in making school days --happy days.

DEDICATION

"Please people!" A hectic music class often brought this statement from a person to whom students owe gratitude and affection. He, with the help of his three C's, has been able to tolerate off step marchers, off tune singers and discordant notes from instruments. Due to his excellent music instruction, he has helped to bring many musical honors to our school. His genuine friendship, his gentlemanly deportment, and his wise counseling have made him respected and admired by all who have been privileged to know him. For these attributes and the many others - - - - - we sincerely and gratefully dedicate the 1967 TIGERS BAR to . . .

Mr. R. L. Hunt

ADMINISTRATION

PRINCIPAL'S MESSAGE

I would like to congratulate all of the staff members and other personnel who helped to make another successful publication of our traditional Yearbook—"The Tigers Bar".

I would like to remind the graduating class of 1967 that the attention of the general public will be focused on you—the spotlight is on you. Today's fast-changing world makes unprecedented demands on your intelligence, knowledge, and elegant maturity as you enter the arena of new experience. You must put into practice those basic principles that we have tried to impart here at Dunbar—you must practice moral and ethical standards, live up to your religious obligation, get along with your fellowman, and be honest and loyal in your everyday efforts.

Let us not forget the power of character. If you want to be happy, successful, influential and useful, you can do so by having a strong character.

In my final statement to you, I would like to remind you that no one has ever been honored for what he received, but honor and reward come to those who give.

OFFICE STAFF

Mrs. Doris McElhaney, Secretary

DUNBAR P.T.A.

Mr. John L. Rustin, President

Mrs. Pauline Wright
Elementary Principal

Mr. J. C. Carson, Jr.
Superintendent of Rowan County Schools

Mr. B. Lynn

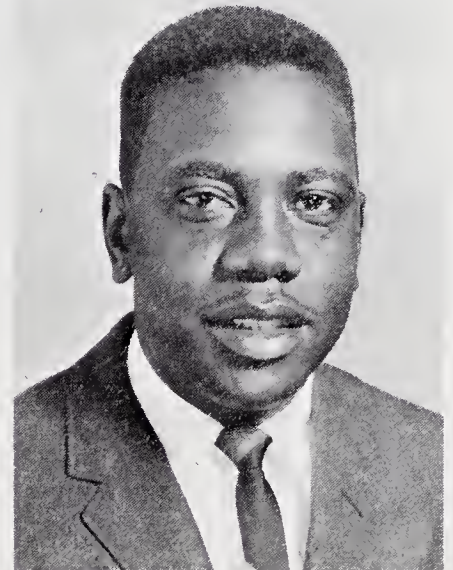

Mrs. B. Allison

DRIVER EDUCATION

Mr. Ralph Fleming

Driver Education trains students to be better and safer drivers, to be more courteous on the road, and to be more cautious of pedestrians, as well as of other drivers.

From left to right: Mr. Ralph Fleming, Charlie Morgan, Claude Shuford, Donald Corpening, James Alston, Eddie Allison, Annie Ruth Alexander, Essie Mae Graham, Lillian Long, Loretta Rustin, Ruth Seigle, and Hazel McDaniel.

LANGUAGE ARTS

Miss M. Littlejohn

When Sophomores begin saying "Friends, Romans, . . ." We know that Julius Caesar is mighty yet! And Juniors study Sandburg, Frost, Wilder—and those grandiloquent vocabulary words. Seniors struggle with parallel structure, Ivanhoe, and Chaucer and find how much there really is to this subject called English.

Mrs. M. White

Mrs. L. B. Davis

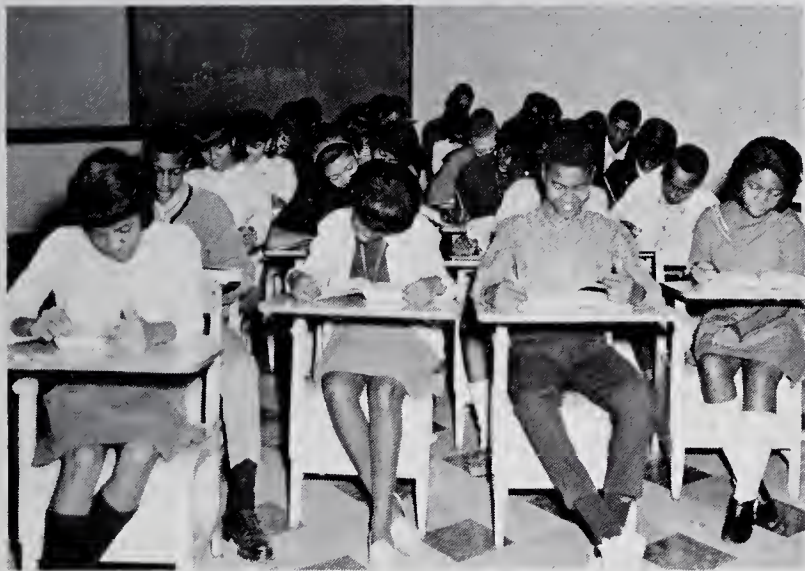

French nasal sounds, so strange to first year students, initiation, "la" or "le" before every noun, The Fable of The Fox and the Crow, hearing our voices on the tape recorder, and Mrs. Davis forever having to keep us quiet—these are things we remember about French.

Mrs. W. P. Poe

LANGUAGE ARTS

English I

English II

French

English III

English IV

MATHEMATICS

Mr. Knootz

Mrs. Mitchell

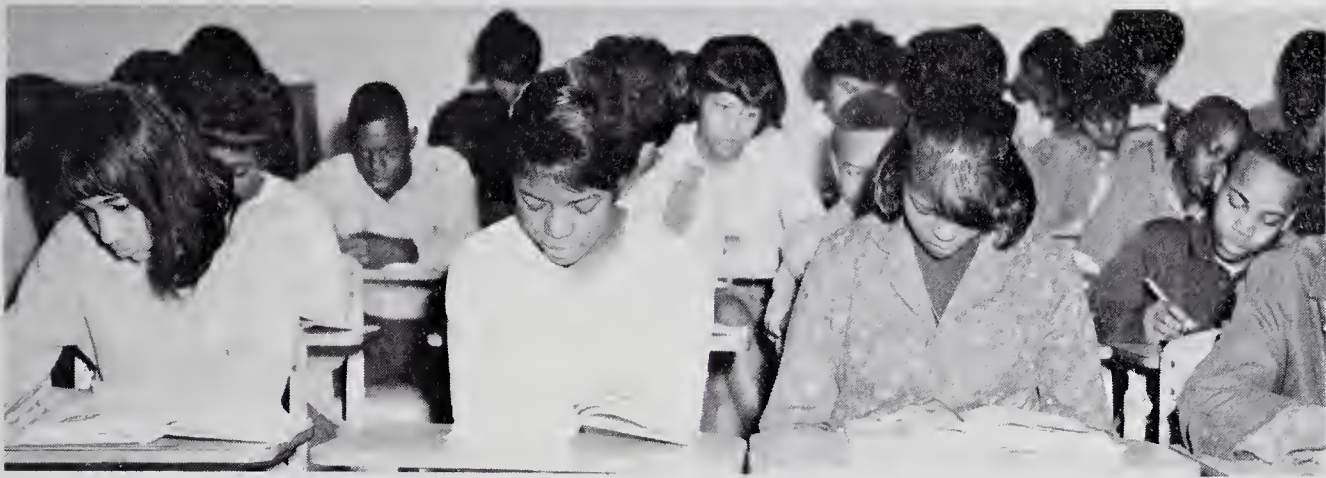

Mr. Smith

General Math, Algebra I and Algebra II. Now we all know what our fingers are for when we have these numbers. And signs—who says that—times $+$ $=$ $-$ and $-$ times $-$ $=$ $+$ and—oh, Mrs. Mitchell, Mr. Knootz and Mr. Smith say so.

MATH CLASSES

General Math

Algebra I

Advanced Math

Geometry

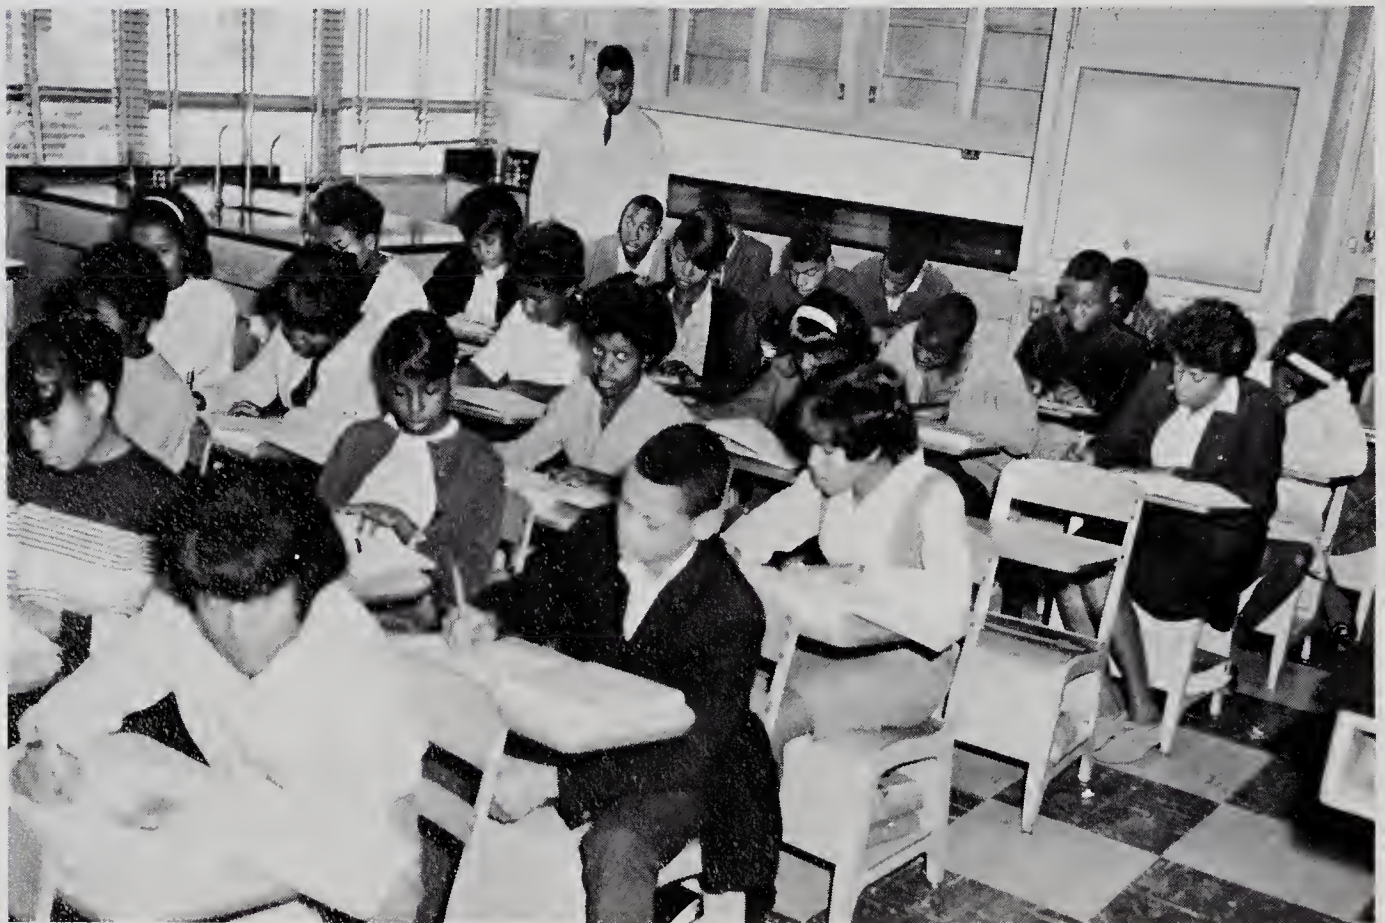

SCIENCES

Mrs. J. B. Kelly

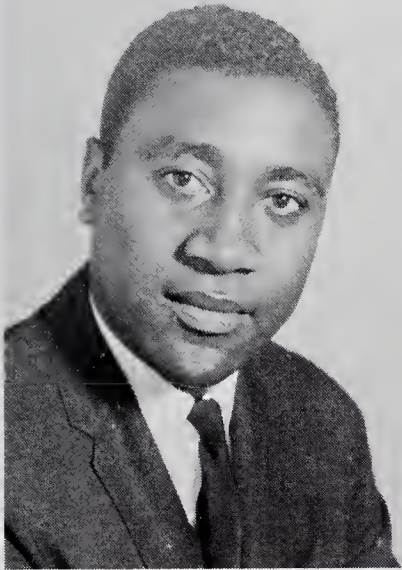

Biology holds a special place in the hearts of those who love to dissect worms, frogs and cats. The classification of plants and animals gives a headache to quite a few.

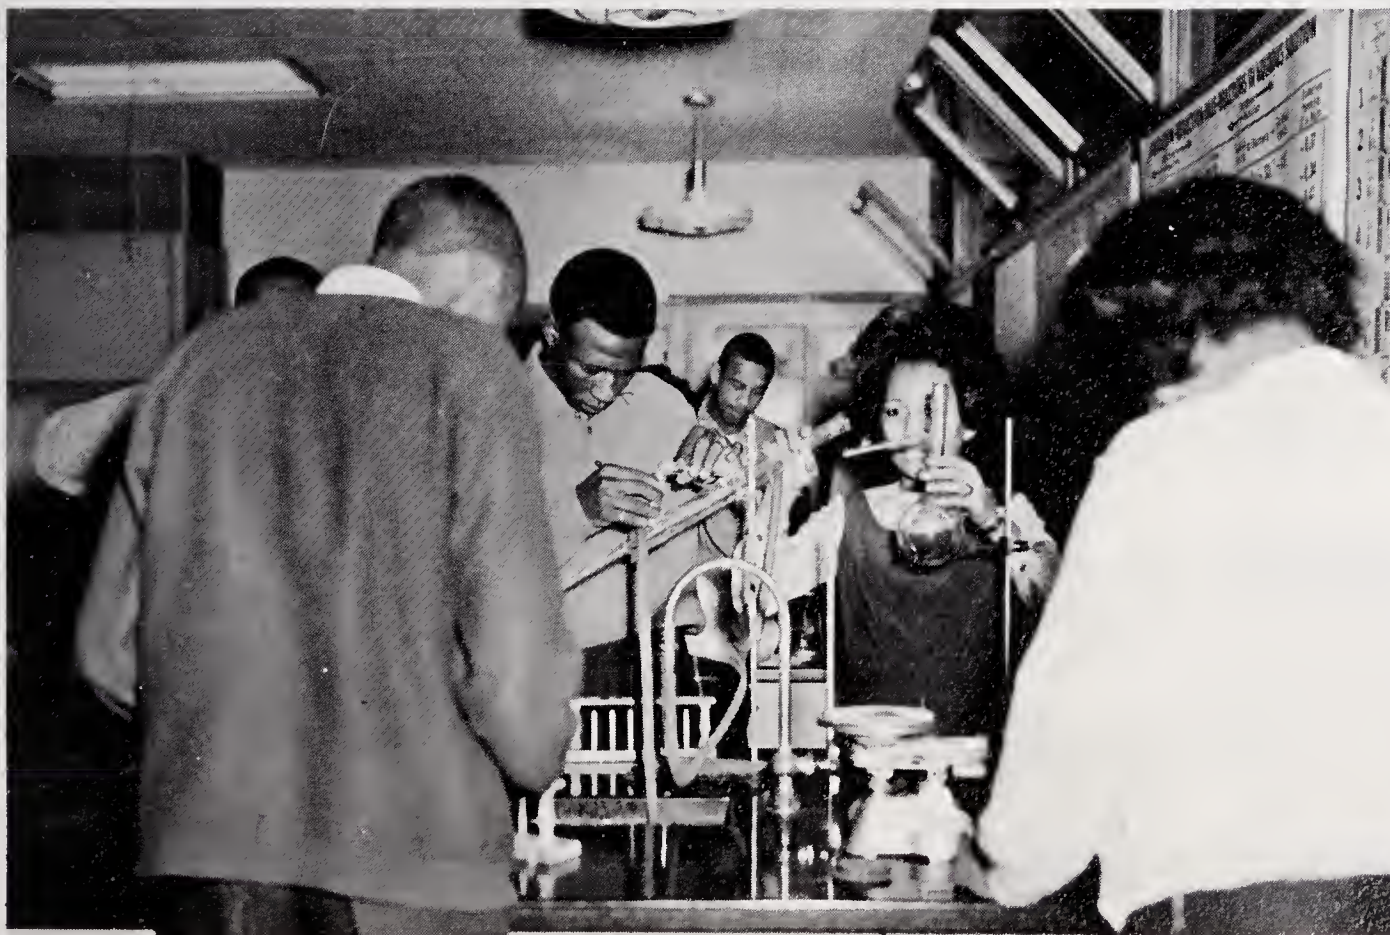

Science: Here we learn about First Aid, Atomic Machines, Weather and other scientific data.

SCIENCES

Mr. J. Pemberton

Physics with its problems, homework, and vector quantity is quite an experience.

In chemistry we wonder why the building is still standing. New words are learned—balance, sublimation, and cutie-pie, an actual scientific team!

SOCIAL STUDIES

Mrs. C. Pharr

CIVICS teaches the duties of all citizens.

WORLD HISTORY with projects and term papers is a subject we all take. We learn of old empires, development of trade, the New World, religions, and the countries of today.

Miss R. Rivens

In UNITED STATES HISTORY separate notebooks are kept. Notes, notes, notes!

ECONOMICS teaches us the way our country is run financially. Sometimes we feel our leaders would like to know this too!

GEOGRAPHY helps us gain a sympathetic understanding of, and respect for the conditions and problems of the people of other countries, and helps us get the point of view of foreign peoples.

SOCIAL STUDIES, with all those dates, names, and facts, helps us to be better citizens.

Mr. C. Moore

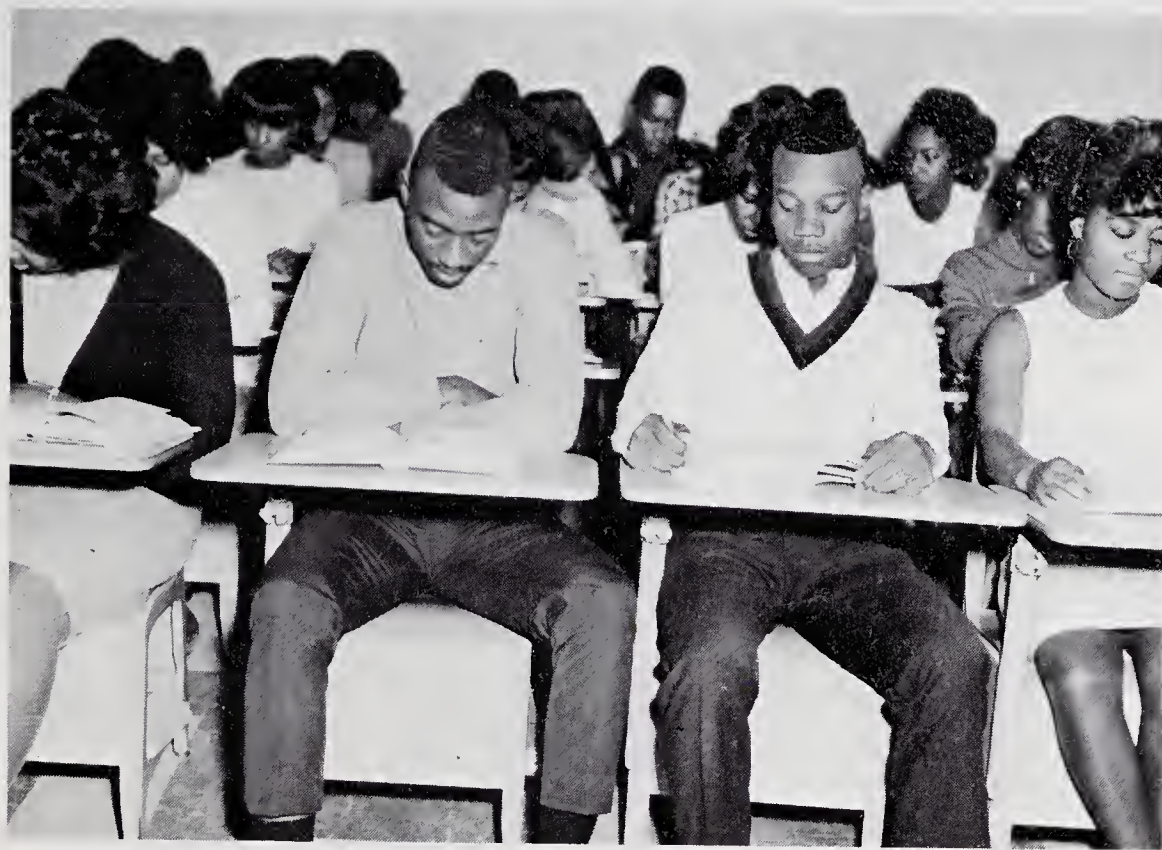

World History

Sociology

United States History

Using the adding machines, trying to make those numbers check.

Mrs. Mitchell

Typing I -- Overjoyed with no homework, bewildered when a finger gets caught between the keys.

R C I A L

Mrs. Ramsey

Shorthand -- Buying a fountain pen, trying to keep up with dictation.

Typing II -- Working for speed, dreading carbon copies, experimenting with the electric typewriter.

VOCATIONAL

Mr. Gilbert Winborne

Industrial Arts offers

Industrial Arts offers great opportunities in craftsmanship.

The Agriculture Department does much to beautify and keep up our school grounds.

VOCATIONAL

Mr. William E. Stevenson

Mrs. Theola W. Shelton

Home Economics is a science that provides practical learning experiences with a variety of goods, services, and equipment used in the home and community.

PHYSICAL EDUCATION

Mr. Knootz

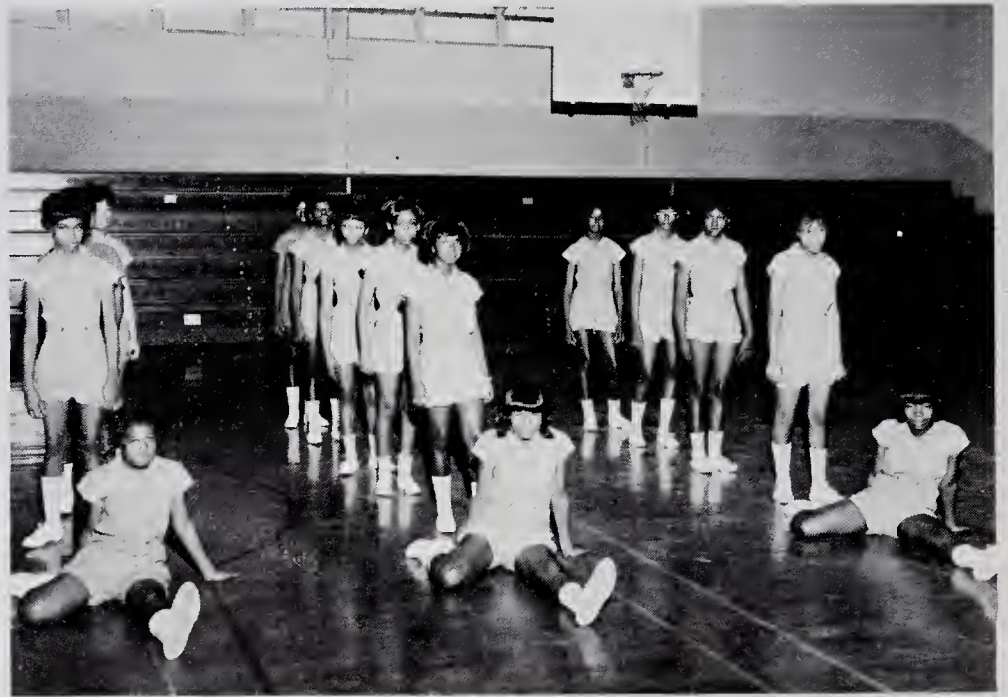

To keep the body physically fit is as important as keeping the mind mentally stimulated. The physical education program is designed to stress physical fitness, teamwork, leadership, and sportsmanship. Extracurricular physical education is offered through intramural sports.

Mrs. Rivens

Girls Physical Education Class

Boys Physical Education Class

DISTRIBUTIVE EDUCATION

Mr. Craig

Distributive education is a part of the vocational training program of the school, which combines classroom instruction with on-the-job training in a distributive occupation, and is intended to develop skilled workers in the field of distribution.

Distributive Education Class

MUSIC

Mr. R. L. Hunt

The Music Department has always been of special interest to everyone. The concerts put on by the chorus and band have brought much enjoyment to the students as well as to the townspeople.

Mr. Hunt deserves much credit for all the work he has done to make our music department outstanding.

Drum Major, Donnie Brown; Head Majorette, Doris Boler; Head Letter Girl, Valerie Hill; Majorettes, Laura Krider, Phylistine Neal, Linda Sifford, Nancy Parker, Marva Thompson, and Frances Johnson; Letter Girls, Paulette Wood, Mary Hammond, Roberta Lucas, Brenda Clodfelter, Margaret Bowman, Carol Stout, Betty Bolt, and Terry Laney.

A future with Cone Mills

Widen your horizons!

Exciting things are happening in textiles today . . . materials for use in outer space . . . inner space . . . and on earth!

Cone Mills, a major producer of high quality fabrics, is a part of this dynamic development.

In this time of rapid change, we are constantly seeking imaginative, intelligent young people to help maintain our standards. Want a future with a challenge? Write Industrial Relations Department, Cone Mills Corporation, Greensboro, N. C.

CONE MILLS CORPORATION

"Where fabrics of tomorrow are woven today."
